

Feature:

1. Multifunctional portable display, with hidden bracket, minimalism;
2. HDR pure picture quality, showing more details, more layered light and dark contrast, better color expression;
3. Provides high-accuracy touch function, accurate touch and high-response touch experience;
4. Integrated bracket design: The body comes with an invisible bracket, and the viewing angle can be easily adjusted by 90° as you move;
5. 3ms response without delay, optimized dynamic clarity to keep the picture stable, clear and without residual image
6. Built-in dual speakers make the sound clearer and brighter
7. Rich interface configuration: standard HDMI interface is compatible with more devices, and the full-function Type-C interface is directly connected to mobile phones, computers, and notebooks

Specification:

1. Display: 15.6 inches 1920*1080P 50-60Hz
2. HDMI input: standard HDMI1.4 (HDCP1.4) 1920*1080P 50-60Hz
3. Type-C1 input: Type-C1 (USB-C full function) 1920*1080P 50-60Hz
4. Type-C1 input: Type-C2 (USB-C full function) 1920*1080P 50-60Hz
5. USB input: USB-A 2.0 built-in USB HUB 2.0 (connect mouse and keyboard)
6. Audio output: Audio 3.5mm standard port (headphone/amplifier output)
7. Button control: 3 buttons (power on/off, plus, minus)
8. Touch menu: touch control menu
9. Built-in speaker: stereo 2.0 8Ω1W * 2
10. Brightness adjustment: 20-250cd/m²PWM dimming
11. Contrast adjustment: support
12. Scenario mode switching: 6 preset modes
13. Dynamic contrast: changes according to the displayed content scene
14. Sharpness adjustment: 1-4 levels
15. Color temperature adjustment: preset 9300K 6500K 5800K user defined, default 7500K
16. Color adjustment: support RGB simultaneous adjustment
17. Saturation adjustment: support
18. Low blue light adjustment: 1-10 levels
19. Color gamut mode selection: 4 preset modes
20. Volume control: 0-10 levels
21. Mute switch: support
22. Language selection: 10 preset languages
23. HDR: support
24. Free sync: support
25. Signal source channel switching: support switching when input simultaneously
26. Power input specification: 100V-240V 50/60HZ
