

Feature:

1. High-grade aluminum 1.5U black brushed panel, rack-mounted installation, beautiful and generous
2. Automatic playback when powered on, leisurely infrared long-distance full-function remote control
3. Automatic broadcast control, full digital servo
4. Compatible with discs in DVD, VCD, CD, MP3, SVCD, MPEG4 and other formats
5. System + ESS decoding solution, super error correction function
6. Built-in MP3 card reader, can insert U disk for playback
7. With high-definition video output interface

Specification:

Audio output	0.775V±0.2V (output impedance 600 ohms)
Video output	0.775V±0.2V (output impedance 75 ohms)
Distortion plus noise	≤-60dB
Audio signal-to-noise ratio	≥80dB
Frequency response	20Hz~18KHz
Power cord	(3×0.5 mm ²)×1.5M (standard)
Power supply	AC220V±10% 50~60Hz
Power	10~15W
Dimensions	51 (H) × 483 (W) × 250 (D) mm
Net weight	2.7kg
