15.6-inch touch screen control host (CPU:I3)
FT-B8102

▶ Feature:

1. High-grade 7U aluminum alloy black brushed panel, beautiful and elegant

2. Embedded touch screen and digital matrix keyboard operation integrated software

3. Industrial-grade cabinet chassis design, with high anti-magnetic, dust-proof and impact-proof capabilities

4. Strong compatibility, compatible with WINDOWS/LUNIX system

5. Anti-vibration and anti-interference, energy-saving and silent, high and low temperature resistance, adaptable to various environments

6. Support 7*24 hours uninterrupted operation

7. Processor:Support Core i3 6th generation

8. Display:15.6-inch high-resolution touch LCD display (1366*768.

9. Memory:DDR3 1333/1600MHz, 4G DIMM Slot interface, expandable to 16G

10. Hard disk:Onboard 128G SSD solid state hard disk, mSATA interface

11. Power supply type:Mean Well fanless professional industrial power supply

▶ Specification:

Operating system	Support Windows/Vista/Win XP/Win2000/Linux/UINX
Touch screen	industrial resistive touch screen
Hard disk expansion	1 SATA 2.0 Connector 1 SATA 3.0 Connectors
Display interface	1 VGA interface, 1 HDMI
Network port	1, supports 10/100/1000Mbps
Serial port	1, RS-232 serial port
USB	3.0USB*2, 2.0USB*4
Line input	4 lotus connectors
Microphone input	1 3.5 microphone input interface, 1 6.35 microphone input interface
Power interface	three-position Phoenix tail plug interface
Dimensions	485mm (D) * 300mm (W) * 310mm (H) excluding machine feet
Working environment	-10℃~50℃
Storage temperature	-20℃~60℃
Relative humidity	5%~95%, non-condensing state
Weight	Net weight 13kg, including air box weight 23KG
