

## Feature:

1. 4 touch screen
2. Support 32 control functions
3. Support volume control, mute, scene call, matrix switching, central control function
4. Universal installation, wall or surface installation
5. Functions support user customization
6. Adopt RS-485 communication protocol
7. Power supply method: +12VDC
8. Support password entry

## Specification:

Resolution	480x480
Control protocol	RS-485
Signal line length	100 meters
Power supply method	+12VDC
Connection port	4pin Phoenix terminal
Power consumption	<100mW
Color	gray
Opening size (WxDxH)	82x18.1x78mm
Product size (WxH)	88 x 88mm
