

Feature:

1. 10-inch HD display: 10-inch HD display, 15° tilt visibility, meet daily meeting scenarios
2. PoE power supply: support PoE one-line direct supply, can power and transmit data
3. High compatibility: compatible with mainstream conference platform control software
4. Easy to use UI: control panel appears immediately, can bypass the conference platform software to directly control the device
5. Wired and wireless support: support WIFI and network cable direct connection terminal

Specification:

System	
CPU	RK3399 Dual-core A72+quad-core A53
RAM	2GB
Memory	16GB
Operating system	Android 7.1/9.0/10
Touch screen	10-point capacitive touch
Display	
LCD Screen	10.1 HD
Resolution	800*1280
Display mode	Normally black
Viewing angle	85/85/85/85
Contrast	800
Brightness	250cd/m2
Screen ratio	10:16
Network	
WiFi	IEEE 802.11ac/a/b/g/n 2.4G+5G
Bluetooth	Bluetooth 4.1
Ethernet	10M/100M/1000M
Interface	
TF card	TF card, (supports up to 32GB)
Type-c	supports full functions
USB	USB 3.0 host
USB	USB for serial port (TTL format)
Power jack	DC power input
Headphone	3.5mm stereo headphone output
RJ45	Ethernet interface (POE)
