FionTu
方图集团

▶ Feature:

1. Adopts self-developed TCP/IP/UDP 100M network all-digital audio transmission technology and terminal management technology
2. With 4-way 6-core interface, it can connect 100 units, and each channel can load 25 units
3. Supports cascading of multiple unit expanders, and expands and mounts 255 units for simultaneous meetings
4. The system unit adopts a hand-in-hand ring connection method. Even if a microphone in the system fails, it will not cause the system to freeze and paralyze, ensuring that the system can be used efficiently and normally
5. The system has an automatic repair function and supports hot plugging of the line

▶ Specification:

Interface	4-way 6-core interface
Maximum power consumption	350W
Power supply	220V-230V~50Hz-60Hz AC
Color	black
Dimensions (length*width*height mm)	266*65*166
Weight	1.8kg
