

► Feature:

1. 2-input 4-output passive power divider.
2. Two full-range inputs, two bass outputs, two treble outputs.
3. Hi-End grade divider components.
4. Each channel can withstand a maximum input power of 2500W (at 8 ohm load), and the maximum input voltage is 141V.
5. Designed to be connected to L2, easy to use.
6. Crossover point: Output 1 1700Hz 12dB/OCT LPF, Output 2 1700Hz 12dB/OCT HPF.
