

### Feature:

1. Compact and exquisite cabinet
2. Ultra-light and thin, single-person assembly design
3. Ultra-short path tweeter waveguide
4. Extremely high sound pressure/volume ratio
5. Performance-level sound pressure and power
6. EASE Focus gll data file has been created

### Specification:

Dimensions (WxHxD)	448x296x156mm
Power (AES)	Hi 80W Lo 400W
Unit structure	4 x 5" paper cone bass, 2 x 44mm compression tweeter
Coverage angle	horizontal (H) 100°, vertical (V) 0~10° adjustable
Nominal impedance	Hi 16Ω Lo 16Ω
Frequency response range (-10dB)	100Hz~17kHz
Maximum sound pressure level SPL	Hi 136dB SPL peak, Lo 130dB SPL peak
Box	Nylon fiber reinforced material, mold pressing
Weight	13.8kg/30.4lbs
