

► Feature:

1. Use AC110V-220V AC power supply
2. Can charge 8 wireless units at the same time
3. Has charging protection and indication functions
4. The shell material is made of high-grade original composite solid wood board + silver aluminum alloy frame, which is durable, simple and atmospheric

► Specification:

Power supply	AC 110V-220V
Power	30 W
Charging digits	8
Unit maximum charging current	500 mA*10 channels
Charging time	4-5 hours
Shell color	black + silver
Working temperature	0°C-40°C
Shell material	high-grade original composite solid wood board + silver aluminum alloy frame
Weight	14.7kg
Shell size (length * width * height mm)	720*440*185
