

► Product Features

1. Ceiling installation, better appearance
2. White plastic shell material, better integration with the installation environment
3. Omnidirectional antenna, covering a wider range

► Specifications

Frequency range	400-450mhz	Gain	5db
Standing wave ratio	<1.5	Impedance	50Ω
Polarization	vertical	Maximum power	50W
Connector model	433 threaded connector	Antenna size	diameter 165*95mm
Wire	RG58U	Wire length	20 meters
Shell material	ABS	Shell color	white
Product weight	0.25kg	Working temperature	-40°C~+60°C
